

Partnership Agreement: The School

We will:

- treat each pupil as a valued individual, offering them an appropriate curriculum which is challenging, fulfilling, and where success can be achieved
- recognise and reward progress made by pupils across the full ability range
- keep parents informed regularly of their child's progress
- set, mark and monitor appropriate homework for all pupils
- provide each pupil with a Pupil Planner, which learning tutors will check and sign each week
- recognise and reward good attendance, and contact parents if attendance or punctuality is causing concern
- provide a range of activities and events beyond the timetabled lessons, to enhance and stimulate the learning experience of all pupils
- be open and welcoming to parents, communicating effectively about their child's progress, school activities and events
- provide a clear set of rules and targets for pupils, which encourages them to grow into a contributing and supportive citizen
- ensure that learning is not distracted by enforcing the school policy of confiscating mobile 'phones and personal entertainment systems for half a term if they are seen or heard on school site
- offer opportunities to pupils, parents, staff and governors to help shape school policy
- provide books, worksheets, paper and most technical and scientific equipment required for study
- provide a clear list of uniform requirements, keeping this as inexpensive and similar for boys and girls as possible
- do our best to ensure the school is a safe, healthy environment for every pupil
- encourage pupils to use alternative forms of transport to access Shoeburyness High School
-

On behalf of Shoeburyness High School, I agree that my school will endeavour to follow the above action points.

Mrs Teri-Leigh Jones
Headteacher
