

# How will I find my way around the school? STAGE 2

## Frequently Asked Questions

We work on a 2 week timetable; Week A and Week B. This is to make sure you get a broad and varied curriculum.

You have four lessons each day and this is explained in more detail in 'How is my school day structured?'

On you timetable, each lesson will show your group, the subject, your teacher's initials and the room.

7n/En4	English	LXR	G08
7n/En4	English	LXR	G08

This is an example of a Week A timetable. Lessons have been coloured using the faculty colours but you will also see some specific subjects being given. This may not be the case for some faculties such as Science and D&T as they work on a rota but you will be told when you are here.

Can you work out which faculty each lesson is for the week B timetable?

As we have done for Week A, try to link each lesson to the faculty colours. You can do this just by looking at the timetable and identifying the colours or if you would prefer, printing this page off and colouring the timetable in.

Week B
