

History

100% Exam Assessed

Exam Board = AQA

HOD = Miss Blowers

Topics to Revise

Paper 2: Health and the People, c.1000 to the present day:

Part 1: Medieval Britain – Medicine stands still

- Theories on causes of disease (Hippocrates and Galen, miasma, God and astrology)
- Treating the sick (Barber-surgeons, wise women, doctors)
- Influence of Islam and Christianity
- Surgery and anatomy
- Public Health (hospitals, towns, and monasteries)
- The Black Death

Part 2: Renaissance Britain – The beginnings of change

- Theories on causes of disease
- Treating the sick
- Public Health (Growth of hospitals)
- The Great Plague
- Surgery and anatomy (Vesalius, Pare, Harvey and Hunter)
- Preventing disease (Jenner and vaccinations)

Part 3: Industrial Britain – A revolution in medicine

- Theories on causes of disease (Pasteur, Koch and Germ Theory)
- Treating the sick
- Public Health (Chadwick, Public Health Acts, Great Stink and Bazalgette)
- Cholera epidemic (Snow)
- Surgery and anatomy (anaesthetics and Simpson, antiseptics and Lister and aseptic surgery)

Part 4: 20th-21st Century Britain – modern medicine

- Preventions (Magic Bullet and Fleming, Florey and Chain with penicillin)
- Theories on causes of disease (Genetics & DNA)
- Treating the sick
- Surgery and anatomy (Impact of war and science – x-rays, plastic surgery, blood transfusions, transplant surgery, keyhole surgery and radiation therapy)
- Public Health (Booth and Rowntree, Liberal Reforms and Beveridge Report)
- The NHS

Paper 1: Conflict and Tension in Asia, 1950-1975:

Part 1: The Korean War

- Causes of the Korean War (the Cold War, China, USSR and UN)
- Events of the Korean War (Inchon landings, advance into North Korea and China enters the war)
- The end of the Korean War + the impact (Stalemate, Peace talks & armistice)

Part 2: Escalation of conflict in Vietnam:

- The end of French colonial rule (French-Indochina, Battle of Dien Bien Phu and the Geneva Agreement, Civil War in Vietnam, Opposition to Diem and the Vietcong)
- US Involvement in Vietnam (The Domino Theory, Eisenhower and Kennedy involvement).
- Johnson's War (Gulf of Tonkin, US tactics vs Vietcong tactics, Tet Offensive and My Lai Massacre, Demands for peace and student protests)

Part 3: The ending of conflict in Vietnam

- Nixon's War (Vietnamisation, Widening the war, Growing opposition to the war, Kent State University, Importance of the media and the Watergate Scandal)
- The end of the war (US withdrawal from Vietnam, Paris Peace talks, the end of the Vietnam War)

Paper 1: Germany; Democracy to Dictatorship 1890-1945:

Part 1: Germany and the growth of democracy

- Wilhelm II and difficulties ruling Germany (Parliamentary government, Industrialisation, growth of socialism and Navy Laws)
- Impact of WWI (End of monarchy and Treaty of Versailles)
- Economic problems 1919-23 (Reparations, Occupation of the Ruhr and Hyperinflation)
- Political problems 1919-23 (Spartacist Uprising, Kapp Putsch and Munich Putsch)
- Stresemann era 1924-29

Part 2: Germany and the Depression

- Impact of the Depression (Great Depression and reasons for the growth of the Nazi Party)
- Hitler's road to Chancellorship
- Establishment of Hitler's dictatorship (Reichstag Fire, Enabling Act, eliminating oppositions and the Night of the Long Knives)

Part 3: The experiences of Germans under the Nazis

- Economic changes in Nazi Germany (back to work, self-sufficiency, and the impact of war)
- Social policies and practices (Hitler Youth and Education, Women, Church, Jewish persecution, and resistance)
- Control (the police state, propaganda and censorship, art and culture and resistance and opposition)

Examiner Advice

- BUG the Question to focus on what the question is asking you.
- Stick to the times (4 marks=5 mins, 8 marks=10 mins, 12 marks=15 mins and 16 marks=20 mins)
- Use the PEE structure to answer your questions (Point, Evidence and Explanation)
- Include SPED in your answers to show off your knowledge (Statistics, People, Events and Dates).
